

PLAN YOUR SUSTAINABILITY LEARNING & LEADERSHIP

WITH UKGBC | SPRING 2025

Impactful, inspiring and accessible learning is at the heart of our mission at UKGBC. Our diverse and comprehensive [Learning and Leadership](#) portfolio spans UKGBC's impact areas and is delivered across our [learning levels](#), empowering everyone to take action towards a net zero, climate resilient and regenerative built environment.

As a valued UKGBC member, all employees of your organisation receive free or discounted places across all UKGBC learning and leadership. Read on to see what we have coming up and plan your sustainability learning journey with UKGBC.

ALL UKGBC COURSES AND EVENTS AVAILABLE HERE

DON'T FORGET

UKGBC's on demand digital learning is available for all UKGBC members to access at any time.

[Bitesize Learning Guides](#)
[Sustainability Shorts](#)

NATURE & BIODIVERSITY

10TH JUNE 2025

[Biodiversity Net Gain \(Online\)](#)

A masterclass on Biodiversity Net Gain in England, exploring what it means, its importance and methods of implementation and measurement.

INTRODUCTORY TRAINING

[UKGBC Sustainability Essentials for the built environment email course](#)

Build your sustainability knowledge through this informative email-delivered learning opportunity.

[An Introduction to Sustainability in the Built Environment \(on demand\)](#)

Develop your core knowledge about sustainability in the built environment on this engaging online introductory course.

BESPOKE LEARNING

[UKGBC'S Bespoke Learning](#) supports businesses in the rapid improvement in sustainability knowledge and expertise to mobilise teams to get on the front foot of the green transition.

Designed to meet unique needs of each business and its people, our bespoke programmes facilitate an organisation-wide mindset shift that nurtures a strong culture of sustainability beyond the sustainability specialist teams.

SOCIAL VALUE

3RD JUNE 2025

[Social Value in the Built Environment \(London\)](#)

A thorough full-day course exploring how the built environment industry can understand, measure, and communicate its social value.

RESILIENCE & ADAPTATION

[An Introduction to Climate Resilience and Adaptation in the Built Environment from UKGBC \(on demand\)](#)

Discover the fundamentals of climate resilience and adaptation in the built environment in this four module on-demand course.

LEADERSHIP

MAY 2025

[Leading Sustainability](#)

Leading Sustainability is a UKGBC short-course supporting busy built environment professionals to lead on sustainability within their organisations and our industry.

SEPTEMBER 2025

[Change Accelerator 2025](#)

A unique sustainability leadership enrichment process for CEOs and Board members in the UK's built environment industry.

SITE VISITS

3RD JUNE 2025

[Site Visit to Paradise 11, Vauxhall \(London\)](#)

Members are invited to join UKGBC to visit Paradise 11, a new six-story building with a timber structure that locks away c.60 years of tenant operating emissions.

COMING SOON
