

PLAN YOUR SUSTAINABILITY LEARNING & LEADERSHIP

WITH UKGBC | SPRING 2024

Impactful, inspiring and accessible learning is at the heart of our mission at UKGBC. Our diverse and comprehensive **Learning and Leadership** portfolio spans UKGBC's impact areas and is delivered across our **four learning levels**, empowering everyone to take action towards a net zero, climate resilient and regenerative built environment.

As a valued UKGBC member, all employees of your organisation receive free or discounted places across all UKGBC learning and leadership. Read on to see what we have coming up and plan your sustainability learning journey with UKGBC.

ALL UKGBC COURSES AND EVENTS AVAILABLE HERE

ADVANCING NET ZERO

A workshop for industry professionals that explores how to encourage far greater biodiversity in the built environment by using processes and design ideas inspired by the natural world.

DON'T FORGET

UKGBC's on demand digital learning is available for all UKGBC members to access at any time.

(NEW!) UKGBC Sustainability Essentials for the Built Environment email course

Bitesize Learning Guides

An Introduction to Sustainability in the Built Environment

COMING SOON

An introduction to sustainability in the built environment

A facilitated online course covering key aspects of environmental and social sustainability in the built environment.

BESPOKE LEARNING

UKGBC's **Bespoke Learning** supports businesses in the rapid improvement in sustainability knowledge and expertise to mobilise teams to get on the front foot of the green transition.

Designed to meet the unique needs of each business and its people, our bespoke programmes facilitate an organisation-wide mindset shift that nurtures a strong culture of sustainability, beyond the sustainability specialist teams.
